

Harvard Law School Postgraduate Public Service Fellowships

(Public Service Venture Fund / Kaufman / Langer / Skirnick /
David A. Grossman / Redstone / Seaman-Plancher / Archie Southgate)

Memorandum of Understanding

TERMS OF AGREEMENT

This Memorandum of Understanding (“**MOU**”) is entered into as of _____ (date)
by and between _____ (the “**Host Organization**”),
_____ (the “**Fellow**”), and President and Fellows
of Harvard College acting through the Harvard Law School Public Service Venture Fund (“**HLS**”,
and together with the Host Organization and the Fellow, the “**Parties**”).

The Host Organization agrees to host the Fellow for a one-year fellowship sponsored [in whole or in part] by a grant from the Public Service Venture Fund. In furtherance thereof, the Parties hereby agree as follows:

- The Host Organization will provide the Fellow opportunities for meaningful learning and professional development, as well as integration into the office. The Host Organization will:***
 - Aim to include the Fellow in the range of its work where possible, such as client meetings, strategy discussions, and court appearances.
 - Endeavor to expose the Fellow, if the Host Organization works in different subject areas, to as many subject areas as possible; this could be accomplished in many ways (for example, by hosting brown bag lunches in which attorneys from each area discuss their work).
 - Provide the Fellow with primarily substantive work and responsibility matching that of any other entry-level attorney.
 - Make an effort to treat the Fellow as part of the organization’s team (for example, including them in staff meetings if applicable).
- The Host Organization will provide a clear framework for supervision of the Fellow. The Host Organization will:***
 - Explain who will supervise the Fellow and when and how the supervisor(s) will be available to the Fellow, as well as who the Fellow will report to; ideally, the Fellow will have one or two assigned supervisors, but may also receive assignments from others within the Host Organization.

- Identify all of the possible people that may give the Fellow assignments and whom the Fellow should speak with if she or he needs more work or requires assistance in prioritizing work provided by different people within the office.
- Ensure that the Fellow is supervised by an attorney who spends substantial time in the office or is otherwise regularly available to the Fellow.

3. *The Host Organization will provide the Fellow with an Orientation. The Host Organization will:*

- Compile materials that the Fellow is going to need, such as background on the organization or matters on which the Fellow will be working, interesting articles or publications, a staff list with names and numbers, etc.
- Provide the Fellow, on or around the first day, with an orientation introducing him or her to the relevant staff and issues, as well as a meeting with his or her immediate supervisor to discuss the organization's and the Fellow's goals, (i.e., does she need a writing sample, want to interact with clients, seek exposure to particular legal issues etc.), for the duration of the fellowship.

4. *The Host Organization will provide focused and regularly-scheduled feedback as follows. The Host Organization will:*

- Schedule feedback in a formal way that helps ensure that even during particularly hectic work periods there is time set aside to provide meaningful review of the Fellow's work.
- Provide thoughtful review of the Fellow's research, analysis, writing, oral skills and interpersonal skills so that the feedback will not only help improve the quality of the work that the Fellow performs for the Host Organization but will also help the Fellow develop important skills.
- Review the Fellow's written work and suggest areas for improvement.
- Aim to provide a structured mid-fellowship evaluation and an exit interview.

5. *Terms of service for the fellowship at the Host Organization:*

- The specific start and end dates are to be determined by the Fellow and the Host Organization. Fellows should generally start no later than mid-September. HLS requires that the Fellow spend a full 12-months with the Host Organization.
- Any early departure from the fellowship, even for permanent employment, will need to be approved both by the Host Organization and by the Office of Public Interest Advising (OPIA) on behalf of HLS. An end date that is considerably less than the full year will likely be rejected. However, since the fellowship is designed to help launch the Fellow's career, as well as provide assistance to the Host Organization, HLS will generally approve and the Host Organization should sanction, reasonable early release for another permanent or longer-term public service position.

- This MOU shall remain in effect for the term of the fellowship. The Host Organization may not terminate an HLS fellowship without two weeks' advance notice to the Fellow and to the Office of Public Interest Advising (OPIA) on behalf of HLS and a chance to discuss and remediate any problems that may have arisen unless there has been unethical, illegal or sexually inappropriate behavior on the part of the Fellow. If payment was made to the Host Organization and they terminate the fellow, the pro-rated remaining funds must be returned to Harvard Law School.

6. Fellowship Payment and Disbursement

- It is Harvard's strong preference to disburse your fellowship to your host organization.
- HLS prefers that the Host Organization enroll the Fellow into their health insurance program and other employee-related benefits, and, in such cases, the fellowship payments will be disbursed directly to the Host Organization. Prior to the commencement of the fellowship, the Host Organization shall send HLS an invoice addressed to the Office of Public Interest Advising (OPIA) on official letterhead from the Host Organization containing the total awarded amount, the stated purposes of the payment, the Employer Identification Number and an authorizing signature from a Host Organization official confirming the payment and purpose. Email is preferred and can be sent to tgriffiths@law.harvard.edu; any financial or confidential information should only be sent via [secure file transfer](#).
- If the Host Organization enrolls the Fellow into their health insurance program, the cost of the benefits will either be paid by the host organization or the fellow will pay from their existing award, as previously arranged. HLS will not provide additional funding for healthcare.
- Payments will be made directly to the Fellow by check or *in limited situations and if you are moving*, set up a wire transfer in all other circumstances.
- Payments will not be made if the Parties are not in compliance with this MOU.

7. Health care coverage/provisions

- Health care coverage is required for the duration of the fellowship. If the Host Organization is unable to provide health care coverage, it is incumbent upon the Fellow to seek and purchase health insurance independently. Moreover, HLS requires proof of coverage before disbursing any fellowship payment. In most cases, proof of coverage can be demonstrated by a photo copy of an insurance card, insurance plan or any document showing proof of coverage.
- If the Host Organization has agreed to provide health insurance, a statement of the fact must be provided by the Host Organization to HLS. The letter must be sent, on letterhead, to OPIA at tgriffiths@law.harvard.edu.

8. Reporting

- The Fellow is required to complete the [HLS Employment Survey in Simplicity](#) as soon as he or she has been awarded and has accepted the PSVF Fellowship.
- The Fellow or the Host Organization should alert the Office of Public Interest Advising (OPIA) on behalf of HLS if any issues arise during the course of the fellowship after an attempt has been made by the Host Organization and the Fellow to resolve the issue by themselves.
- The Fellow is required to submit a brief report about the work performed at the beginning of the fourth month of the fellowship to OPIA (tgriffiths@law.harvard.edu).
 - The structure of this report can be simple and informal. The report should cover the following four topics in 500-700 words: An update on day-to-day work, including cases or issues the Fellow is currently working on, new highlights or challenges of the fellowship (could be an anecdote about a client, a recent trial, a current issue the host organization is working on, etc.), a continuing assessment of your host organization and their ability to support an HLS fellow and any post-fellowship plans (if applicable).
- The Fellow is also required to submit slightly more in-depth report at the 8-month and year-end mark outlining the work performed and lessons learned.
- The Host Organization is required to provide written reports about the fellowship – the work accomplished as well as the Fellow’s performance and any lessons learned from the fellowship – the Office of Public Interest Advising (OPIA) at the 6-month and 12-month marks.
 - The structure of these reports can be straightforward and informal. The reports should cover the following topics, in about 500-750 words: the work the Fellow has accomplished thus far, the Fellow’s performance and any lessons you or your organization has learned from the fellowship. Additional information can include: an update on the Fellow’s day-to-day work, including cases or issues they are currently working on & any post-fellowship plans (if applicable).
- The Fellow is required to notify the Office of Public Interest Advising (OPIA) on behalf of HLS of his or her employment plans for the year following their fellowship and is encouraged to stay in touch with OPIA in subsequent years.
- The Fellow is required to provide the Office of Public Interest Advising (OPIA) on behalf of HLS with post-fellowship contact information so that future HLS students and alumni can speak with them about their experiences.

9. Consideration for openings & assistance with post-fellowship employment

- Should the Host Organization have an entry-level opening *during* the fellowship year and the Fellow has performed well, we hope that the Fellow will be given first consideration for that position.

- Should the Host Organization have budget to hire for the year *following* the fellowship and the Fellow has performed well, we hope that the Fellow will be given first consideration for that position.
- If the Fellow is hired on, we expect that the Host Organization will give “credit” for the fellowship year towards any benefits and seniority eligibility.
- If the Host Organization is unable to hire on the Fellow, we hope that the Host Organization will provide job search assistance to the Fellow so that he or she may remain in the field.

10. Publicity and Use of Harvard Name

- The Fellow may be included in a customary informational listing of activities on the Host Organization’s website or in other Host Organization materials. If the Fellow is so listed, the Host Organization shall also include the name of the fellowship and the fact that is sponsored by Harvard Law School.
- Any other use of the name or logo of Harvard, Harvard Law School or any of their affiliates by the Host Organization will require prior written approval from HLS. This provision shall survive the termination of this MOU.

11. Miscellaneous

- HLS shall not have any liability to the Parties to this MOU absent gross negligence or willful misconduct by HLS.
- This MOU shall be governed by an interpreted in accordance with the laws of the Commonwealth of Massachusetts (excluding conflict of laws rules).
- No Party shall assign or subcontract its rights or obligations under this MOU without the prior written consent of the other Parties.
- Discrimination with respect to any aspect of the fellowship on the basis of race, color, gender or gender identity, sexual orientation, national or ethnic origin, religion, age, health condition or disability, political beliefs, or military veteran status, shall be grounds for termination of this MOU.

IN WITNESS HEREOF, this Memorandum of Understanding has been entered into as of the day and year first written above.
