JUDICIAL CLERKSHIP FORM
PSLF-BASED PLAN

Generally the Plan is not intended to cover most judicial clerkships since graduates who serve as clerks usually proceed directly to higher paying positions in the profession. However, Plan assistance is available during a clerkship if you intend to take a PSLF-qualifying position and will maintain Plan eligibility after the clerkship is completed. Please read the following section carefully and sign **ONLY** if this is your actual intention.

DECLARATION OF INTENT

I hereby declare that I have accepted a position as a judicial clerk for ____ year(s). I also declare that I intend to pursue a PSLF-eligible job that would qualify me, along with other Plan eligibility criteria, for participation in the Plan program following the completion of my clerkship. I understand that I will receive a no-interest HLS loan to cover any difference between the eligible law school loan payments due and the repayments required under the Plan during my clerkship.

Should I decide to pursue a position which would make me ineligible for participation in the PSLF program after my clerkship has ended or if my situation changes in such a way I become ineligible for PSLF, I understand that the interest-free LIPP loan will become immediately repayable based on the terms described in the full clerkship policy with a \$50 minimum monthly payment over a maximum ten-year period at the rate then used by HLS for market loans, with interest compounded over the clerkship year to be added to the principal. In addition I also understand that a finance charge will be added to the original principal before compounding, of either \$250.00 or 10% of the principal of the loan, whichever is greater.
