Please review the guidelines for written work found in the Handbook of Academic Policies and if applicable, please select below and discuss with the Writing Group’s instructor:

- If applicable, I have reviewed the school’s Multiple Use of Papers policy.
- If using Human subjects for research, I understand that my project will need to be reviewed by the Harvard University Area IRB. I understand that the IRB review process requires time; and if my project will or might involve human subjects, I must begin the review process well before the term in which I plan to conduct research. I understand the IRB office may be reached at (617) 496-2847, by email at cuhs@harvard.edu.
- The proposed writing is co-authored (JDs only).
